

Small Tortoiseshell

Hi – there I was cleaning out the stick insects when there's She Who Must Be Obeyed hollerin down the stairs.

Seems there's a butterfly in our son's bedroom – a small tortoiseshell no less.

I wasn't sure what to do but carefully caught it in a glass and put it in the firewood pile in the car port. There are a few other butts hibernating the garage roof.

Any comments ideas on what is the right thing to do please?

Cheers, Mark.
